INVESTMENT OBJECTIVE

The investment objective of the scheme is to generate long term capital appreciation by investing predominantly in equity and equity-related securities across various market capitalisation. However, there can be no assurance that the investment objectives of the Scheme will be realized.

WHO SHOULD INVEST

This fund would be better suited for investors who are looking to balance risk and volatility in a single portfolio and those who have a moderate risk appetite for equities. Investors looking for a fund with a dynamic investment strategy and having long-term financial goals should also consider this fund.

INVESTMENT OBJECTIVE

The investment objective of the scheme is to generate long term capital appreciation by investing predominantly in equity and equity-related securities of small cap companies. However, there can be no assurance that the investment objectives of the Scheme will be realized.

WHO SHOULD INVEST

The fund is suitable for investors who have a medium to long term investment horizon, and prior experience in equity investing. The scheme is Ideal for small cap investors who can patiently invest and those willing to absorb short-term volatility and the risks associated with investing in equities, especially small cap companies.

INVESTMENT OBJECTIVE

The Scheme seeks to generate long-term capital growth from a diversified portfolio of predominantly equity and equity-related securities across all market capitalisations. The Scheme is in the nature of diversified multi-cap fund. The Scheme is not providing any assured or guaranteed returns. However, there can be no assurance that the investment objectives of the Scheme will be realized.

WHO SHOULD INVEST

The fund is suitable for investors with a long-term investment horizon. In terms of fund management, the 3 year lock-in period gives the fund manager the comfort of planning his investments with a long-term horizon.

INVESTMENT OBJECTIVE

The Scheme seeks to generate long term capital appreciation through a portfolio of predominantly equity and equity related securities of companies engaged in manufacturing and infrastructure related sectors. Further, there can be no assurance that the investment objectives of the scheme will be realized. The Scheme is not providing any assured or guaranteed returns.

WHO SHOULD INVEST

The Scheme would be more suitable for investors who are desirous of increasing their exposure to manufacturing & infrastructure sector in their personal equity portfolio. Thus, this Scheme could act as a "top up" over existing investments of such investors in diversified equity funds.
