## INVESTMENT OBJECTIVE

An active asset allocator SIF from 360 ONE. Dynamically allocates across equity, debt, commodities, and InvITs. Combines long-short, options, arbitrage, and commodity hedges in a single structure. Three specialist managers: Harsh Agarwal (strategy/equity), Milan Mody (debt), Rahul Khetawat (commodities). Truly multi-asset in the most comprehensive sense.

## STRATEGY PARAMETERS

|                      |                                                              |
|----------------------|--------------------------------------------------------------|
| Lock-in Period       | <b>No</b>                                                    |
| Redemption Frequency | <b>Interval</b>                                              |
| Derivatives          | <b>Permitted</b>                                             |
| Short Selling        | <b>Permitted</b>                                             |
| Gross Exposure       | —                                                            |
